

# FIELD TRIP FOR GGC MEMBERS & THEIR GUESTS

## “Sap to Snack”

**Friday, March 13<sup>th</sup>, 2026**

**Sugarbush Farm is a Cheese & Maple Lover’s Paradise**

Join our tour of this 550-acre hillside farm located in Woodstock, Vermont, operated by the Luce family, the 4th generation to work this land. Lucky for us, we will be observing their March maple sugaring operation. We’ll begin at the sugarhouse with an 8-minute video showing Vermont’s beauty through all four seasons at the farm before learning how maple trees are tapped and maple syrup is made. If boiling is taking place that day, we’ll have a private tour of the sugarhouse.

Cheese lovers can visit the workroom of this **American Cheese Society Blue Ribbon Winner for Best Smoked Cheese** to see how the cheese is cut, hand-waxed, and wrapped. Enjoy free samples of cheese and maple syrup, then browse the farmhouse gift shop.

Please wear appropriate shoes for walking outside and join us for lunch at the Skinny Pancake. Participants pay for their own meal.
