GARDEN CLUB PROGRAM—OPEN TO THE PUBLIC

It's Not Just About the Roses!

A Special Behind-the-Scenes Peak at Decorating Floats for the Rose Parade

Have you ever wondered what it really takes to get all those amazing animated floats ready for that one special parade you wait all year for? Join us as Liz Malone shares her personal experiences while treating us to a behind-the-scenes start-to-finish presentation highlighting everything that goes into bringing these truly stunning floats to life.

Although roses get most of the glory, Liz says it's about so much more, which we will learn through her photo journey into the warehouses where volunteers work tirelessly with hundreds of different flowers and natural materials to create what we see on New Years Day. This is sure to give you a new perspective on all that goes into decorating the Rose Parade Floats!

About the Speaker: *Liz Malone is a GGC member who enjoys spending over half the year right here in Grantham and the rest of it tending to her lovely garden in California. Liz grew up in Southern California as an avid gardener and lover of all things in Nature, so it's no wonder that she looks forward to volunteering to work on the floats each year with the Petal Pushers. When she's not gardening, Liz enjoys photography, hiking, pickleball, kayaking—practically anything to do with the outdoors.*
