

# Grantham Garden Club

*presents:*

## *Gardens Galore!*

with GGC Member Bill Weeks

**FRIDAY, February 11, 2022**

**10:00 - 11:30 a.m.** Conducted via Zoom

*Note: The program will follow after a short business meeting.*

Gardening is more popular than ever. During the pandemic people have turned to gardens as a way to productively spend time that was previously used for other activities. People bring their creativity to expand or start gardens that can sometimes turn challenging situations (steep incline, small spaces, light exposure, etc.) into new opportunities.

Bill will provide an overview of a few of the garden choices: Formal, Cottage, Vegetable, Herb, Rock, Sanctuary, Shade, Teaching, Raised Bed, Pollinator, and Wildflower Meadow along with a sampling of the vegetation you would find in each. He will also provide a recommended reading list.

Bill Weeks has been a resident of Grantham since 2014. In 2021 Bill planted over 2,000 bulbs and roots surrounding his home and his love of gardening grew from there! In that same year he applied to the New Hampshire Master Gardener Program and joined the Grantham Garden Club. He has since completed his Master Gardening studies and looks forward to sharing his knowledge with others.

*This GGC sponsored presentation is open to the public, free of charge, as a community service. The program will be recorded and available online at [granthamgardenclub.org](http://granthamgardenclub.org) as soon as it is possible.*

### **PROGRAM REGISTRATION:**

**GGC members will automatically receive the Zoom link. Not a member? Guests may request the Zoom link by emailing: [president@granthamgardenclub.org](mailto:president@granthamgardenclub.org) (Include name & email)**
