

# Grantham Garden Club

*presents:*

## *Herb Gardening*

**FRIDAY, March 11, 2022**

**10:00 - 11:30 a.m. Conducted via Zoom**

**FOR GGC MEMBERS-ONLY**

This presentation is for those at any level of gardening who are interested in incorporating herbs into a new or established space and containers. Master Gardener, Sarah Marcoux, will address the propagation and growing habits of readily available herbs, as well as some that are harder to find. An overview of environmental conditions necessary to grow herbs will be discussed and a list of culinary and historic medicinal herbs will be provided. The presentation will include the usage of culinary herbs but not the medicinal usage of herbs.

Sarah Marcoux has been active as a Master Gardener since 2016. Her recent projects include planning and implementing school gardens. She also assists with the Free Seeds Project which provides seeds to NH schools, homeschool families, and education-based organizations.

**GGC members will automatically receive the Zoom link via an email sent from [president@granthamgardenclub.org](mailto:president@granthamgardenclub.org) a few days before the presentation.**
